

# ERA Hubs

## Empowering Knowledge Valorisation in Regional R&I Ecosystems

An ERA Hub is an **ecosystem of quadruple helix actors** led by **universities** aiming at improving **knowledge valorisation** within their **region**.

## From theory to practice

Playbook

The **Playbook** offers a range of well-informed recommendations designed to propel ecosystems towards transformative growth

Self-assessment tool

An **online self-assessment tool** where applicants (universities) can assess the **degree of maturity of their ecosystem**, its strengths and weaknesses

Toolbox

A **Toolbox** featuring **concrete tools** that can be employed by an ecosystem towards the implementation of the ERA Hub framework model

ERA Hubs platform

An **online ERA Hub platform** where applicants and other stakeholders can have access to the ERA Hub tools (SA, Playbook and Toolbox) as well as to the possibility to connect to other EU ecosystems.

**See our website!**
